25X1

1. The Breiner Bela Factory (formerly Voina) is under the Metallurgical and Chemical Industry Department of the Ministry of Heavy Industry. It produces various kinds of metallurgical goods and ammunition.
2. The factory is located on Soseaua Zizin, opposite the Zizin village station. It has about 3,000 employees, 700 to 800 of whom have administrative and technical positions. Work is carried out in three shifts.
3. The metallurgical branch makes plows, agricultural drills, nails, screws, rivets, and washers. The ammunition branch makes incendiary shells, grenades, and percussion caps. A third branch of the factory makes telephone poles.
4. Metallurgical products are sent to state enterprises and factories. Agricultural machinery is sent to State farms.
5. Invoices for delivered ammunition, which always amount to several million lei, are sent to the Ministry of the Interior. The consignments are marked by special letters and numbers, such as Z.a.4.f.2; Z.a.1/Z.a.1; and U.R. - U.P. Orders for the ammunition branch are entered in books kept by a special department, whose staff includes a Rumanian Army captain.
6. The ammunition branch has a separate entrance about one kilometer from the entrance to the metallurgical branch. The entire factory is surrounded by a wooden fence two and a half meters high. It is guarded by civilian watchmen and soldiers.
7. There are no Soviet technicians or workers.
8. The factory is to produce ammunition alone from the beginning of 1951.
